

[
1. On page 7, actual line 3 of the specification, please delete the words
[These features] and insert the words ~~+~~In one embodiment, the features of the
a2 present invention~~+~~

[
2. On page 11, actual line 14 of the specification, after the word
"embodiment" please insert the words ~~+~~utilizing a local base station repeater cell
a3 3--.

3. On page 11, actual line 20 of the specification, after the word "site" please
insert the words --embodiment utilizing local--.

4. On page 11, actual line 20 of the specification, after the word "local"
please delete the word [area] and insert the words --base station--.

5. On page 11, actual line 21 of the specification, please delete the word
[station] and insert the word --cell--.

6. On page 11, actual line 23 of the specification, between the words "video"
and "signals" please insert the words --overlay trigger--.

7. On page 12, actual line 1 of the specification, between the words "Each"
and "remote" please insert the word --local--.

8. On page 12, actual line 3 of the specification, after the word "site" please
insert the words ~~+~~utilizing a local base station repeater cell--.

a4
9. On page 12, actual line 5 of the specification, after the word "the" please
insert the word --local--.

10. On page 12, actual line 7 of the specification, after the word
"transmission" please insert the words --from a local base station repeater cell--.

11. On page 12, actual line 7 of the specification, after the word "to" please
delete the words [the cell site 3] and insert the words --transceiving subscriber
units X 4, 4', etc--.

12. On page 13, actual line 16 of the specification, after the word "the,"
please delete the word [large].

13. On page 13, actual line 18 of the specification, please delete the word [Thus] and insert the words --With reference again to Figure 2, thus--.

14. On page 14, actual line 5 of the specification, after the word "passive" please insert the word --local--.

15. On page 14, actual line 9 of the specification, please delete the word [To], and insert the words --With reference now to Figure 3, to--.

16. On page 14, actual line 10 of the specification, after the number "22" please insert the words --of Figure 2--.

17. On page 14, actual line 15 of the specification, after the number "8" please insert the words --of Figure 2--.

18. On page 14, actual line 17 of the specification, after the number "19" please insert the words --of Figure 2--.

19. On page 14, actual line 19 of the specification, after the word "unit" please insert the words -- 14 of Figure 2--.

20. On page 15, actual line 1 of the specification, please delete the word [The] and insert the words --With reference again to Figure 3, the--.

21. On page 15, actual line 2 of the specification, after the number "22" please insert the words --of Figure 2--.

22. On page 15, actual line 4 of the specification, after the number "19" please insert the words --of Figure 2--.

23. On page 15, actual line 6 of the specification, after the number "22" please insert the words --of Figure 2--.

24. On page 15, actual line 9 of the specification, before the word "the" please insert the words --thereby minimizing--.

25. On page 15, actual line 14 of the specification, after the number "19" please insert the words --as shown in Figure 2--.

26. On page 15, actual line 26 of the specification, after the word "and" please delete the word [protocol] and insert the word --protocols--.

27. On page 15, actual line 26 of the specification, please delete the word [is] and insert the word --are--.

28. On page 17, actual line 7 of the specification, after the word "local" please delete the words [area repeater station] and insert the words --base station repeater--.

29. On page 17, actual line 8 of the specification, after the word "cell" please insert the words --site utilizing local base station repeater cell--.

30. On page 17, actual line 8 of the specification, after the word "and" please insert the word --local--.

31. On page 17, actual line 9 of the specification, please delete the number [22] and insert the numbers --20A-20N--.

32. On page 17, actual line 15 of the specification, before the word "remote" please insert the word --local--.

33. On page 17, actual line 16 of the specification, please delete the number [22] and insert the numbers --20A-20N--.

34. On page 17, actual line 16 of the specification, after the word "cell" please insert the words --site utilizing local base station repeater cell--.

35. On page 17, actual line 22 of the specification, please delete the number [22] and insert the number --20--.

36. On page 17, actual line 24 of the specification, after the word "the" please insert the words --base station repeater--.

37. On page 17, actual line 25 of the specification, after the word "Thus" please insert the words --base station repeater--.

38. On page 17, actual line 25 of the specification, before the word "remote" please insert the word --local--.

39. On page 17, actual line 25 of the specification, please delete the word [unit] and insert the word --receiver--.
40. On page 17, actual line 25 of the specification, please delete the number [22] and insert the numbers --20A-20N--.
41. On page 17, actual line 26 of the specification, please delete the number [22].
42. On page 18, actual line 1 of the specification, before the word "remote" please insert the word --local--.
43. On page 18, actual line 1 of the specification, please delete the number [22] and insert the number --20--.
44. On page 18, actual line 6 of the specification, after the word "The" please insert the words --base station repeater--.
45. On page 18, actual line ⁸~~6~~ of the specification, after the word "only" please insert the word --local--.
46. On page 18, actual line 10 of the specification, before the word "cell" please insert the words --base station repeater--.
47. On page 18, actual line 10 of the specification, before the word "remote" please insert the word --local--.
48. On page 18, actual line 11 of the specification, before the word "cell" please insert the words --base station repeater--.
49. On page 18, actual line 13 of the specification, before the word "cell" please insert the words --base station repeater--.
50. On page 19, actual line 2 of the specification, before the word "remote" please insert the word --local--.
51. On page 19, actual line 2 of the specification, please delete the number [(22)].

✓
52. On page 19, actual line 2 of the specification, after the word "site" please insert the number --22--.

✓
53. On page 19, actual line 4 of the specification, before the word "remote" please insert the word --local--.

✓
54. On page 19, actual line 4 of the specification, please delete the number [22].

✓
55. On page 19, actual line 4 of the specification, please delete the word [zones] and insert the word --sites 22--.

✓
56. On page 19, actual line 8 of the specification, before the word "cell" please insert the words --base station repeater--.

✓
57. On page 19, actual line 9 of the specification, before the word "remote" please insert the word --local--.

✓
58. On page 19, actual line 21 of the specification, please delete the number [(20)] and insert the number --22--.

✓
59. On page 19, actual line 25 of the specification, before the word "cell" please insert the words --base station repeater--.

✓
60. On page 20, actual line 9 of the specification, before the word "remote" please insert the word --local--.

✓
61. On page 20, actual line 10 of the specification, before the word "cell" please insert the words --base station repeater--.

✓
62. On page 20, actual line 11 of the specification, before the word "cell" please insert the words --base station repeater--.

✓
63. On page 20, actual line 12 of the specification, before the word "remote" please insert the word --local--.

✓
64. On page 20, actual line 13 of the specification, before the word "remote" please insert the word --local--.
